OFFICE OF THE
CHIEF FINANCIAL OFFICER

MEMORANDUM

SUBJECT: American Rescue Plan Act Split-Funding Requirement

FROM: Jeanne Conklin, Controller
Office of the Controller

TO: Senior Resource Officials

This memorandum is to notify you that offices are required to submit to the Office of the Controller a memorandum requesting approval for use of split-funding (multiple appropriations) for American Rescue Plan Act funding on procurements. An approval request for multiple appropriations is necessary because ARPA funds are treated as “separate” from Environmental Programs and Management funds and are only legally available for a certain subset of activities, namely “to address health outcome disparities from pollution and the COVID–19 pandemic”.

The Office of the Chief Financial Officer is providing the attached Policy Blitz titled “[Multiple Appropriations of Non-Direct Allocable Costs under the American Rescue Plan Act](#),” to provide information on the procedures to submit multiple appropriation approval requests for ARPA funding for procurements.

If you have any questions about this request, please contact Aileen Atcherson, Director, Policy, Training and Accountability Division at (202) 564-2283 or Brian Webb, at (202) 564-1413 or email ocfo_financial_policy@epa.gov.
